May 27, 2020

Dear Graduates:

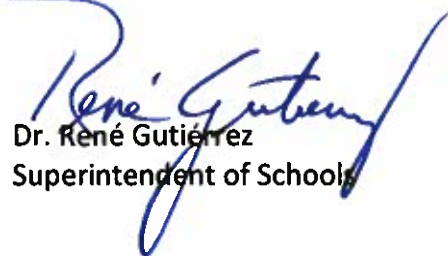

Since the first day, you stepped into a classroom, your family and teachers have been supporting you along this memorable journey of education. The day has come and for the past four years, you have been waiting for this moment.

The Class of 2020 is graduating during a historic and unusual time and that makes it unique and different for you. Your dedication and hard work have paid off and it is appropriate to be recognized for your achievements. This is the time to celebrate. All of our teachers stand with you and share the excitement and joy of your accomplishments.

During these unprecedented times with the COVID-19 crisis, we have reflected on what is important – staying healthy and safe. We have also looked at your strength, dedication, and resilience. You should be very proud and honored, as you have stayed strong to continue learning and adapt to a new way of living.

On behalf of the Brownsville Independent School District Board of Trustees and myself, I want to wish you the best of luck in your future endeavors. As you close this chapter of your life and begin another, do not forget about BISD and the memories you made here. You will continue on your path of life learning, taking on new challenges, and preparing for the future. I am proud and fortunate that you made **"The Best Choice"** of learning with us.

Congratulations and good luck,

Dr. René Gutiérrez
Superintendent of Schools
