Vendors please note the following questions and answers.

Question: Can the projects listed in the architect RFQ 11-032 be bid separately, or should they be bid all together? I know it says that the district reserves the right to award separate contracts—is that likely?

Answer: The firms submitting RFQ's can send their general information once, but they need to submit detail information separately for each project that they are interested in. Yes it can be likely to award separate contracts.
