Generating Staff Responsibility Report

Introduction

This document describes the steps to follow in order to properly generate last year's Staff Responsibility report in order that it may be used to assist in the coding of this year's Staff Responsibility records for the PEIMS snapshot submission.

Change to Last Year's Database

The report should be generated from last year's database. Change the current school year to reflect last year's database by clicking on the school year link at the top right hand corner of the screen as illustrated below:

Select the school year from the drop down menu. See example below:
