% Masters Grade Level

3

STAAR Performance: AVERAGE of 3 Pass Rates on STAAR and STAAR Alt 2 (MSC = 10 tests across all subjects)

% of Tests Scoring Approaches Grade Level or Above on

% of Tests Scoring Meets Grade Level or Above on STAAR

% of Tests Scoring Masters Grade Level or Above on STAAR

Subject	Test	Approaches	Meets	Masters
Reading	SAT (EBRW)	410	480	670
	ACT (English and Reading)	27	34	60
Math	SAT	440	530	690
	ACT	16	21	30
Science	ACT	16	23	28

2023 accountability

Will include accelerated testers
(who were reported as 12th graders in Fall 2022 Snapshot)

component to be evaluated on the Closing the Gaps domain. If a district/campus does not meet these minimum size requirements, the Closing the Gaps domain is not evaluated.

Academic Achievement: % age of tests results (in Reading and in Math) at **Meets Grade Level or Above** [adjusted if a student group has a Participation Rate < 95%]**Academic Growth:** Academic Growth score (see methodology above) in Reading and in Math**Federal Graduation Rate:** federal 4-year graduation rate for the Cohort Class of 2020-21 [using federal calculation for graduation rate, without state-allowed exclusions]**English Language Proficiency:** % of current ELs making progress toward achieving English language proficiency (based on a student's TELPAS or TELPAS Alternate composite score in 2021-22 compared to his/her TELPAS or TELPAS Alternate composite score in the most recent preceding year for which a composite result is available – however, a composite result from 2019-20 will only be used if it results in a positive progress when compared to the 2021-22 composite result)**Student Success:** STAAR Component: STAAR Performance calculation (across all subjects) from Domain I: Student Achievement disaggregated by student group**School Quality:** Federal CCMR: same CCMR calculation as is used in Domain I: Student Achievement EXCEPT that the denominator of students includes annual graduates in 2020-21 PLUS students identified as 12th graders in the last 6 weeks of the 2020-21 school year who did not graduate in 2020-21 (excluding IEP continuers reported as 12th graders)**Specialized Programs or Campuses:** Assessment, CCMR and graduation outcomes for students who attend specialized programs or campuses (such as magnets, P-TECHs, schools of choice, or academies) must be attributed to the campus at which the student receives instruction. Campuses that house multiple programs (such as a magnet program and a zoned attendance program), are rated on the performance of all students.

Feedback

....

Accelerated Testers: Credit for Algebra I EOC in MS & HS

- » Current system may be disincentivizing schools from putting students in Algebra I in middle school.
- » Proposal for high schools to also receive credit for STAAR Algebra I end-of-course (EOC) assessments taken in middle schools by accelerated testers.
 - » For students who take Algebra I EOC before high school, their score would be included in the middle school calculations for the year tested and then included again at the high school they attend the following year.
 - » The federal requirement for accelerated testers to be administered a mathematics SAT/ACT before graduation for inclusion in Closing the Gaps would remain in place to meet ESSA requirements.

Proposed changes- Accelerated Testers

3 minute table discussion

13

	Component	PROPOSED REFRESH CHANGES	IMPLICATIONS & NEXT STEPS
event	STAAR	<ul style="list-style-type: none">• New proposal to include Algebra I EOC results for accelerated testers in both the middle school in which they take it and their future high school's A-F calculation. Accelerated testers would still need to take SAT/ACT math for inclusion in Closing the Gaps.	

FEEDBACK FROM AUDIENCE-

14

Graduation Rate

Student Achievement- Graduation Rate Methodology

17

- » High school graduation rates evaluate the best of the four-year, five-year, or six-year longitudinal graduation rate (with state exclusions) or annual dropout rate, if the graduation rate is not available.

Example Calculation: Graduation Rate	
Graduation Rate	All Students
Class of 2022, 4-year	95.2%
Class of 2021, 5-year	97.3%
Class of 2020, 6-year	95.0%
Graduation Rate Score	97.3

Student Achievement: Graduation Rate

Updated scaling cut points

- » Graduation rates have steadily improved in Texas since 2017. Using Class of 2021 as a baseline, A–F cut points have been increased by 2 percent. (96 to 98 to scale to an A)

Early Graduation- Add an early graduation incentive

19

- » The agency proposes creating an early graduation incentive.
- » This proposal would not impact federal graduation rates used in Closing the Gaps and will require data modeling and stakeholder consultation.

CCMR

Went up

Went down

Stayed the same

From 2018 to 2022,

I think CCMR scores

because

CCMR-Updating Scaling points

23

- Feedback five years ago recommended 90 percent as the percentage of CCMR graduates that should generate an A. Very few campuses performed at that level at that time (average performance in the baseline year was 47 percent), so the cut point was set at 60 percent, which was nominally consistent with the state's 60x30 goals.
- There has been rapid improvement in CCMR for Texas graduates over the past five years, with average performance now at 65 percent.
- Given these improvements and the statutory objective of A-F to make Texas a national leader in preparing students for postsecondary success, **the agency plans to set a cut score of 88 percent for an A in CCMR**, with evidence suggesting that would ensure 60 percent of Texas students would be prepared for postsecondary success consistent with college or career persistence at least one year after graduation.

CCMR-Updating Scaling points

24

Student Achievement

CCMR

- **Updated** scaling cut points.

A–F Cut Points Tables

Table 1: Student Achievement Domain: STAAR and CCMR Components

Student Achievement Domain: STAAR and CCMR Component Score Cut Points						
Rating	STAAR				CCMR	
	Elementary	Middle	HS/K–12	AEA	Non-AEA	AEA
A	60	60	60	*	88	*
B	53	49	53	*	78	*
C	41	38	41	*	64	*
D	35	32	35	*	51	*

*AEA cut points will be available later this month

January 1,
2023
Update

elementary
and middle
schools

CCMR for 2023

- TEA has proposed a minor change in calculation, but a **MAJOR** change in scaling
- From 2019 through 2022, a CCMR score of 60 scaled to a 90 (A)
- For 2023, TEA has proposed that a CCMR score of an **88 will scale to a 90 (A)**
- Example:
 - in 2022 a high school's CCMR score of 51 scaled to an 82 (B)
 - in 2023 that same CCMR score of 51 would scale to a 60 (D)

Domain I
(Performance)

Domain II-A
(Growth)

Domain II-B

Domain III

High

ts w

high
schools
(**NOT**
districts)

Domain I: Student Achievement

Domain II-A: Academic Growth

Proposed Scaling
Changes for CCMR

CCMR Raw Score Cutpoints High Schools

	2018-22	2023
90 (A)	60	88
80 (B)	48	78
70 (C)	39	64
60 (D)	26	51

(evaluated based on 700000s at campus or district)

CCMR- Military Enlistment

26

Beginning with **2023 annual graduates**, TEA will award CCMR credit to graduates for whom the district uploads the required military enlistment documentation.

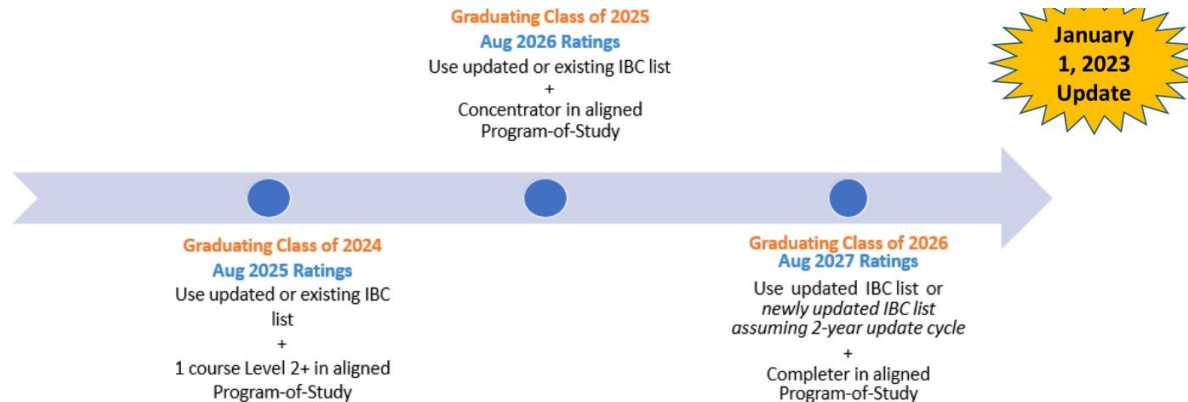

This also documents TX National Guard enlistment.

1. Districts must obtain a **completed DD Form 4 Enlistment/ Reenlistment Document-Armed Forces of the United States** from a student who has enlisted.
2. The DD Form 4 must include **all required signatures** by the student and the enlistment officer.
3. Districts must **submit** the completed DD Form 4 **via a secure upload** process in the spring of 2024 for 2023 graduates.
4. Graduates for whom a completed DD Form 4 is submitted will receive **CCMR credit** for military enlistment in both the academic **accountability** system and in **CCMR Outcomes Bonus** calculations.

Industry Based Certifications and Programs of Study- Proposal

27

- » TEA proposes pushing back the transition an additional year so that the requirement to earn an **IBC plus an aligned Level 2+ course** would apply for the **Class of 2024**, the concentrator requirement would apply for the **Class of 2025**, and the **completer requirement** would apply for the **Class of 2026**.

Industry Based Certifications and Programs of Study- Proposal

28

Beginning with 2023 ratings, **limit the percentage of graduates who only meet CCMR criteria via a sunseting IBC to five graduates, or 20 percent, of graduates, whichever is higher**

This limit would be applied within:

- » **Student Achievement**
- » **School Progress, Part B: Relative Performance**
- » **Closing the Gaps (would not be applied)**

Example: Texas High School has 200 graduates. 50 graduates earned ONLY a sunseting IBC as their CCMR credit.

Texas High School would receive credit for:

40 of these graduates (20% of 200)

10 of these graduates would not generate CCMR credit.

Is this fair to
our
students?
Feedback is
needed....

Academic Growth- Refreshed Methodology

39

- Feedback five years ago recommended a 90% growth rate for an A, but cut scores were set lower than that as a limited number of campuses were performing in that range. Given improvement in growth and the new methodology for calculating growth, cut scores for A will be 85%.
- B–F cut points are updated to align with baseline data (average of 2019 and 2022 STAAR growth) using the updated growth methodology described in the *January Updates to Preliminary A–F Refresh Framework* on the 2023 Accountability Development webpage.

Table 3: School Progress, Part A Domain

School Progress, Part A: Score Cut Points				
Rating	Elementary	Middle	HS/K–12	AEA
A	85	85	85	*
B	76	72	76	*
C	69	65	69	*
D	64	60	64	*

*AEA cut points will be available later this month

Academic Growth-Refreshed Methodology

40

- » School Progress, Part A: Academic Growth will measure growth using a transition table method.
- » Campuses earn credit for results that maintain performance or demonstrated growth on STAAR in RLA/mathematics.
- » As the USDE rejected the agency's proposal to place an Accelerated Learning component in Closing the Gaps, the accelerated learning component is being embedded within Academic Growth. Campuses will earn credit for students in grades 4–8 and end-of course testers who earned Did Not Meet Grade Level in the prior year and Approaches Grade Level or above in the current year.

Student Growth: Measuring Advancement

Tests Evaluated

Annual Growth **††	
Reading	Mathematics
<u>Prior Year -> Current Year</u>	<u>Prior Year -> Current Year</u>
Grade 3 -> Grade 4	Grade 3 -> Grade 4
Grade 4 -> Grade 5	Grade 4 -> Grade 5
Grade 5 -> Grade 6	Grade 5 -> Grade 6
Grade 6 -> Grade 7	Grade 6 -> Grade 7
Grade 7 -> Grade 8	Grade 7 -> Grade 8
Any Grade -> English I	Any Grade -> Algebra I
Any Grade -> English II	

Accelerated Learning ‡§	
Reading	Mathematics
<u>Prior Year -> Current Year</u>	<u>Prior Year -> Current Year</u>
DNM Grade 3 -> Grade 4	DNM Grade 3 -> Grade 4
DNM Grade 4 -> Grade 5	DNM Grade 4 -> Grade 5
DNM Grade 5 -> Grade 6	DNM Grade 5 -> Grade 6
DNM Grade 6 -> Grade 7	DNM Grade 6 -> Grade 7
DNM Grade 7 -> Grade 8	DNM Grade 7 -> Grade 8
DNM Any Grade -> English I	DNM Any Grade -> Algebra I
DNM Any Grade -> English II	

* This table is meant to provide a general overview of the measurement of annual growth and accelerated learning from the prior year to the current year. The full methodology will be available Spring 2023.

† Students who took the same grade-level or EOC assessment in 2021-22 and 2022-23 are not included in growth calculations.

** Students who take STAAR assessments and have skipped grade level(s) between 2021-22 and 2022-23 will have a growth score calculated (e.g., Grade 6 mathematics -> Grade 8 mathematics will be measured for growth).

‡ For EOC assessments, growth is calculated only for the Algebra I, English I, and English II first-time test takers. Growth will be calculated from the first time the student takes English I to the first time the student takes English II.

§ DNM = Did Not Meet Grade Level Performance

§ Accelerated learning includes results of students who were at Did Not Meet Grade Level in the prior year and take a 4-8 assessment or EOC assessment in the current year (e.g., DNM Grade 8 -> English II).

Yes, students who take STAAR assessments and have skipped grade level(s) between 2021–22 and 2022–23 will have a growth score calculated (e.g., Grade 6 mathematics -> Grade 8 mathematics will be measured for growth).

Let me know if you have any questions.

Academic Growth- Proposed Changes 5 minute table discussion

47

	Component	PROPOSED REFRESH CHANGES	IMPLICATIONS / NEXT STEPS
Domain II: Student Achievement	Part A: Academic Growth	<ul style="list-style-type: none">• Use a transition table model to determine growth. Cut points with splits for "Did Not Meet" and "Approaches" into high and low, as well as point values to be determined.• Incorporate accelerated learning performance into the Academic Growth component calculation.• TEA adjusted the proposed calculation to shift Accelerated Learning to a bonus points methodology. To calculate the Academic Growth score, each successfully accelerated test would count as 0.25 "bonus points" in the numerator of the annual growth calculation

The 4 components of Domain III

Proposed 1-year adjustment for calculating EL Proficiency

- TELPAS Writing domain is being updated for 2023
- So, for 2023 TEA is proposing to evaluate EL Proficiency **at the domain level instead of the composite level**
- The three evaluated domains are **listening, speaking, and reading**
- **A student is considered to have made progress if the student advances, or is scored as Advanced High/Basic Fluency, in at least 2 of the 3 domains from 2022 to 2023**
- Only students evaluated in all three domains in both 2022 and 2023 are evaluated
- For 2024, the EL Proficiency methodology will return to the use of the TELPAS composite rating

EL PROFICIENCY

2023 PROPOSED UPDATES

2021-2022				2022-2023				2023-2024	
EL Proficiency Evaluated using the Composite Rating				EL Proficiency Evaluated at the Domain Level in place of the Composite Rating				For 2024 Accountability ELP Methodology will return to the use of the TELPAS Composite Rating	
Domains				Domains					
Listening	Speaking	Reading	Writing	Listening	Speaking	Reading	Writing		
Proficiency Level									
B	I	A	AH						
Composite Rating				2 out of 3 Domains					
A student is considered having made progress if the student advances by at least one score of the composite rating from the prior year to the current year, or the student's 2021 result is Advanced High or Basic Fluency.				A student is considered having made progress if the student advances or is scored as Advanced High or Basic Fluency, in at least two of three domains from the prior year (2022) to the current year (2023)					
				Writing Domain will not be used for accountability purposes.

EL Proficiency 20 Day Plan- 10 minutes

58

EL Proficiency 20 Day Plan

Elementary

Total Emergent Bilingual Students (K-5): _____

How many of your kids will need to show progress to attain the 49% goal? _____

Multiply your total EB students by .49. Example: $100 \times .49 = 49$.

Guiding Questions

Which teachers/staff will be responsible for targeting the different EB groups?

What supplemental instructional resources will your campus use?

What will you do differently these last 20 days?

Will the targeted instruction take place before school, during school, after school or Saturdays?

Kinder & 1st Grades

Reminder: K-1 are holistically rated.

What will be your campus strategy for the next 20 days?

Kinder	1st Grade

2nd-5th Grades

What will be your campus strategy for the next 20 days?

3rd Grade	4th Grade	5th Grade

» Presentations

Domain III- Closing the Gaps continued...

Closing the Gaps Proposed Changes- 6 Super Groups⁹⁴

1. All Students

2. & 3. Two Lowest Performing Racial/Ethnic Groups from Prior Year

- African American
- Hispanic
- White
- American Indian
- Asian
- Pacific Islander
- Two or More Races

4. High Focus Super Group

- Economically Disadvantaged
- Current Special Education
- Current and Monitored Emergent Bilingual/English Learners (through year 4)
- Highly Mobile defined as Homeless, Migrant, and Foster Care (*replaces Non-Continuously Enrolled*)

5. Former Special Education

6. Continuously Enrolled

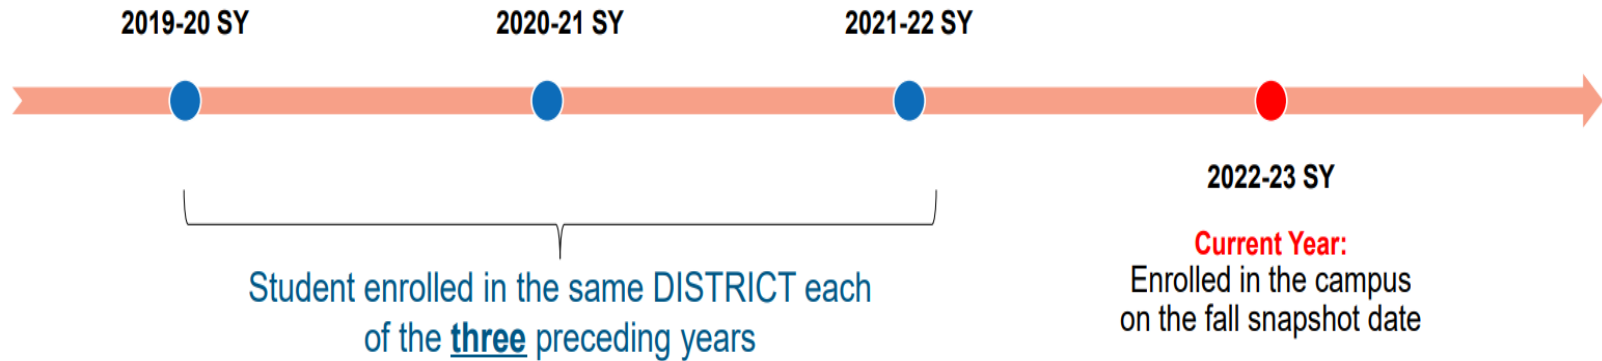

Closing the Gaps- Former Special Education Definition

65

Closing the Gaps-Continuously Enrolled Definition

66

Closing the Gaps: Super Groups

Still report out data on all student groups.

X Reminder: previously, there were 14 different student groups:

All Students	African American	Hispanic	White	American Indian	Asian	Pacific Islander	Two or More Races	Econ Disadv	EL (Current & Monitored)^	Special Ed (Current)	Special Ed (Former)	Continuously Enrolled	Highly Mobile
--------------	------------------	----------	-------	-----------------	-------	------------------	-------------------	-------------	---------------------------	----------------------	---------------------	-----------------------	---------------

✓ Update: replace 14 student groups with 6 student “super groups”

All Students	Two Lowest Performing Racial/Ethnic Groups from Prior Year							High Focus (Eco Dis, EB ¹ , SpEd, Highly Mobile)	Special Education (Former)	Continuously Enrolled
	African American	Hispanic	White	American Indian	Asian	Pacific Islander	Two or More Races			

Only evaluated in SQSS: CCMR/STAAR Only (all subjects/all levels).
Not evaluated in Academic Achievement, Growth/Grad, or ELP.

Closing the Gaps- WHO IS INCLUDED?

68

- Mary is Asian.
- She is in foster care.
- She is a third-year monitored EB.
- She is served by special education services.
- She moved into the district at the start of this school year.

All Students	Two Lowest Performing Racial/Ethnic Groups from Prior Year							High Focus (Eco Dis, EB ¹ , SpEd, Highly Mobile)	Special Education (Former)	Continuously Enrolled
	African American	Hispanic	White	American Indian	Asian	Pacific Islander	Two or More Races			

Closing the Gaps- WHO IS INCLUDED?

69

- Sofia is Hispanic.
- She exited special education last year.
- She has been enrolled in the district since kindergarten.

All Students	Two Lowest Performing Racial/Ethnic Groups from Prior Year							High Focus (Eco Dis, EB ¹ , SpEd, Highly Mobile)	Special Education (Former)	Continuously Enrolled
	African American	Hispanic	White	American Indian	Asian	Pacific Islander	Two or More Races			

Closing the Gaps: Gradated Points for Growth

Closing the Gaps: Proposed 0-4 Methodology	
0	Did Not Meet INTERIM TARGET and Did Not Show Growth
1	Did Not Meet INTERIM TARGET but Showed Minimal Growth
2	Did Not Meet INTERIM TARGET but Showed Expected Growth
3	Met INTERIM TARGET
4	Met LONG TERM TARGET

Closing the Gaps- Sample Score Data Table

Approaches, Meets, Masters	4th and 5th Grades RLA & Math + Accelerated Learning Bonus Points (DNM 2022→Approaches 2023)	Approaches, Meets, Masters + Eco Dis %	Meets & Masters: 3-5 RLA & Math
			Academic Growth 50% 4th and 5th Math & RLA
			EL Proficiency 10% Target 49%
			STAAR Performance 10% Math, RLA, Science, 3-5

Guiding Questions

Where will 70% of your campus rating come from?
 How do you plan to meet your target?
 What is your plan to meet the different targets in Closing the Gaps?

“Talking is not doing. Planning is not doing. Goal setting is not doing. Even directing resources to support a plan is not doing. It is not until people are doing differently that any organization can expect different results.”

- Rick DuFour
