Comprehensive Needs Assessment

Revised/Approved: April 19, 2021

Needs Assessment Overview

Brownsville Independent School District (BISD), encompassing 95 square miles, is the largest employer in the Rio Grande Valley. Approximately 7,000 employees have accepted the challenge of serving a population of almost 46,000 students. BISD recognizes and addresses the unique cultural lifestyle of South Texas with a broad selection of academic activities and programs for all students.

These programs range from Early College High Schools to support programs for students with special needs. Limited English speaking students are served through the Bilingual or English as a Second Language program. There is the pride in the progress BISD has made in recent years with regard to state-mandated testing. Better scores have translated into more seniors fulfilling degree requirements and graduating career-ready and college-connected. Academically, both the Southern Association of Colleges and Schools and the Texas Education Agency have accredited Brownsville public schools.

Brownsville ISD is committed not only to working with students, but also with the community as well. The district supports Campus Care Centers to serve the unmet medical needs of school age children and adolescents. Because no student deserves to go through the school day hungry, BISD features Universal Feeding, Provision Two. This plan provides breakfast, lunch and supper, free of charge, to all students, regardless of income or ability to pay. Brownsville ISD uses these elements, and many more, to achieve its mission. Quality education cannot be a vague statement. It must be the challenge that encourages students and educators to be the very best that they can be every day.

Demographics

Demographics Summary

The Brownsville Independent School District (BISD), encompassing 95 square miles, is the largest employer south of San Antonio, Texas. BISD has over 3,100 teachers and over 600 instructional aides providing instruction to our 42,989 students based on 2019-2020 TAPR data. BISD's student population is over 98% Hispanic, 89.5% economically disadvantaged, 36.1% English Learners (almost all Spanish), and has 67.8% of our students identified as At-Risk based on state criteria. BISD serves almost 10,000 students through Special Education, Dyslexia, and 504 services based on individual needs. Almost 90% of BISD teachers are Hispanic and 98% have at least a Bachelor's degree and are highly effective under the Every Student Succeeds Act (ESSA).

BISD is an integral part of the Brownsville community and refuses to allow the status of Brownsville as one of the poorest cities of its size in the United States to have a negative impact on the education of our students. BISD is very aware that we are no longer the only provider of education in Brownsville and continues to strive to ensure that we are still the "Best Choice" for local students. BISD offers universal feeding under Provision 2 for all students that includes breakfast, lunch and dinner as well as a summer feeding program. Our students are provided with health services at every campus that include periodic health screenings by the campus's licensed nurse or registered nurse.

Demographics Strengths

Despite being a high poverty area (one of the poorest cities in the United States), Brownsville and the school district are respected for not "acting" poor. The district and community work diligently to make sure students come first and have a wide range of opportunities to use to advance out of poverty through education. Although the latest available data indicates that less than 25% of area adults have higher education degrees, BISD graduated over 90% of the students in the Class of 2019 within four years and over 95% of those graduated on the regular or advanced plans. Over 58% of the Graduating class of 2018 enrolled in a Texas Institution of Higher Education (TX IHE). Over 53% of BISD High School students completed dual credit courses in 2018-2019, well exceeding the state rate of 44.6%.

The BISD 2018-2019 ESSA Equity Plan Committee ranked campuses based on poverty levels and minority percentages. The committee examined the following campus data from 2016-2017 and 2017-2018: percentage of teachers with 0-2 years of experience, percentage of teachers teaching out of field based on emergency certifications, T-TESS Evaluations overall ratings, student attendance, all subject/all grade failure rates, all subject/all grade STAAR/EOC passing rates, and other area information. When comparing the top quartiles based on minority and/or poverty percentages, the committee did continue to find some gaps but noted that the district has significantly smaller gaps then the State of Texas.

The pre-kindergarten programs for three- and four-year-old students continues to expand, especially in offering full day programs at all BISD elementary campuses. In 2019-2020, the Extended Day Enrichment Program (EDEP) continued to be offered at all elementary campuses providing academic services along with supper to address the need of families to have a safe and educational setting for young children during the week. On average, over 3,400 students participate daily afterschool in this program throughout the school year in addition to the several thousand attending accelerated instruction to provide tutorials for struggling learners. Unfortunately, the program was not able to be continued due to the COVID-19 remote instruction; however, it is restarting for the 2021-2022 school year.

Need Statements Identifying Demographics Needs

Need Statement 1 (Prioritized): Need to increase enrollment and reduce the number of students leaving the district at all grade levels. **Data Analysis/Root Cause:** District enrollment numbers have continued to decline over the past nine years and saw an increased decline during 2020-2021 due to COVID-19.

Need Statement 2 (Prioritized): Need to increase attendance for students and teachers and improve school climate. **Data Analysis/Root Cause:** District attendance showed a continuing decline in student and teacher attendance during Fall 2019 but became a major challenge during 2020-2021 due to COVID-19 and remote instruction.

Need Statement 3 (Prioritized): Need to increase supports for student and family access to physical and mental health as well as nutritional supports. **Data Analysis/Root Cause:** Additional state requirements and district student and employee data indicate need.

Need Statement 5 (Prioritized): Need to increase community and business stakeholders in supporting district-wide access to technology and communication resources. **Data Analysis/Root Cause:** District surveys and outreach from stakeholders continue to support this need.

Preliminary 2021 TEA Report shows a 4-year Graduation Rate for the Class of 2020 of 93.8% which includes Emergent Bilingual rate of 89.8% and Special Education rate of 86.8%. 2021 Closing the Gaps status shows ALL populations strongly exceeded the state School Quality Status for students meeting CCMR but dropped below 2019 STAAR/EOC Meets performance for math and reading to miss most of the state targets. All of the domain preliminary information is attached as an addendum to this plan.

Student Learning Strengths

A major factor contributing to district strengths before going to remote instruction was the on campus and in classroom professional development with supports. For the 2020-2021 school year, almost all supports and trainings were conducted virtually to support the remote instruction due to COVID-19. Walkthroughs and observations showed the implementation of the strategies acquired during the staff developments. Academic strengths for the 2020-2021 school year included:

1. Frequent virtual visitation of classrooms, involving modeling, coaching, and providing instructional support ensured constant monitoring of classroom instruction based on the diverse needs of the campus.
2. Collaboration of district and campus staff in analyzing of assessment data was critical to student outcome.
3. Expansion of early childhood programs
4. STEM curriculum required the implementation of project-based learning at all middle schools and introduced 6 cluster STEAM Academies at selected elementary campuses and continuation of the MIZ grant at participating campuses.
5. Co-curricular and extra-curricular activities such as History Fair, Science Fair, Destination Imagination, Brainsville, STEM activities, Coding, Career and Technical CTOs, and Fine Arts were offered to BISD students to help keep them engaged and be able to apply experiences beyond the classroom, campus and district were continued virtually and saw strong participation in most opportunities.

The District faculty and staff are excited that for the beginning of the current school year, over 90% of the students are coming in for face-to-face instruction. After the option for Remote Learning was offered to comply with Senate Bill 15, the district had over 3.600 applications for the 3,600 available slots. As of the middle of October 2021, a majority of the students who qualified have already returned to in-classroom instruction. This strongly indicates that all of the safety measures put in place and the effective instruction provided at campuses is appreciated by students and parents. This district is confident that ALL students will show significant growth this year and exceed prior high achievement levels in the next few years.

Need Statements Identifying Student Learning Needs

District Processes & Programs

District Processes & Programs Summary

The BISD Board of Trustees approved the district and campus early childhood and college/career readiness goals in Spring 2020 and updated them in early 2021 to monitor progress over the next five years. All campus and district staff collaborate to insure the students have access to all needed resources and supports to be academically successful and be prepared to graduate and enter college and/or pursue a career.

BISD has continued restructuring and relocating of departments over the past few years to strengthen the communication and collaboration between and among related departments and programs. Beginning with the 2021-2022 school year, area administrators started working with horizontal clusters instead of vertical clusters as was the format since January 2019. The Assistant Superintendents for the two elementary clusters, the middle school cluster and the high school cluster work closely to support vertical alignment for supports under the Deputy Superintendent for Curriculum, Instruction and Human Resources.

In the Curriculum Department, each respective content area developed, implemented, and monitored district frameworks that reflected research-based strategies and best practices. All core content areas conducted grade-level, department, chairperson meetings, content clinics, and on-campus/in-classroom professional development. Since March 2020, more sessions have been conducted virtually but starting the Fall of 2021, the majority are returning to in-person sessions. Core content trainings for the beginning of Fall 2021 have focused on needed professional development supporting the implementation of ESSER III funded instructional resources and software as well as the implementation of the activities to address House Bill 4545 and Senate Bill 15 requirements.

District Processes & Programs Strengths

Brownsville ISD has been successful in the past improving its implementation of a wide-range of academic programs and providing supports through a number of programs including Special Education, Bilingual/ESL, Dyslexia, 504, At-Risk, Migrant, Early College High School/Dual Enrollment, and Career and Technical Education (CTE) including P-TECH programs. District departments provide funds and personnel supports to students and campuses. Curriculum area departments have staff that go on to campuses and into classrooms to conduct walkthroughs and observations. Using information from these practices and other available data, staff conduct professional development activities including synchronous and asynchronous trainings, modeling, coaching, and more. The BISD plan for the usage of ESSER II and III funding focuses on providing instructional materials, software, and training to address the learning gaps. In addition, the district is addressing the required accelerated instruction requirements from House Bill 4545 and the remote learning components of Senate Bill 15. We are confident that these supports and interventions will rapidly bring student performance back to pre-pandemic levels.

The BISD Guidance and Counseling services include supports for high school students to be strong academically as well as socially and emotionally. Using ESSER III funding, BISD is implemening SEL supports PK-12 in weekly instruction using APEX Learning for secondary students and Quaver SEL for elementary students. BISD has a strong Police and Security Services Department that supports safety around the district with officers as well as planning and, if needed, implementation of Emergency Operation Plans. BISD's Health Services Department staff have been extremely accomplished at screening for health concerns for all students including the COVID-19 rapid testing. The district also implements a very successful Fine Arts program offering Band, Choir, Visual Arts, Dance, and Estudiantina programs at many grade levels. Physical Education and sports are also a major programmatic component providing options for students to improve their health and well-being. Our students continue to excel in a very wide range of co-curriculur and extra-curricular programs and competitions. Although the COVID-19 pandemic caused a halt to many competitions, the district believes that these are important opportuniites for our students and welcomes the modified competitions that are available for students.

The Parent and Family Engagement Department offers supports for parents and other stakeholders including training opportunities, volunteer opportunities, and community engagement sessions. The Migrant program implements the CAMP programs for identified students and conducts all federal required activities. The Migrant Program action plan can be found as an addendum to the district plan.

Federal and State funds are used to address specific needs and provide supplemental resources and supports from pre-kindergarten through Grade 12. The funding and curriculur

program departments collaborate and coordinate available funds to ensure equity of access for all learners but especially struggling learners.

Perceptions

Perceptions Summary

Overall, while the district continues to be considered as the "Best Choice" by many parents and guardians, the continued decreases in enrollment have been interpreted by the BISD Board of Trustees as indicating a need to do more to market the district and highlight the significant recognitions garnered by students, campuses, and programs.

Data sources included in this summary are the BISD District compilations of Parent, Staff, and Student Campus Needs Assessment Surveys for 2018-2019 through 2020-2021. BISD's Parent Surveys for 2019-2020 had 3,415 respondents for both Elementary and Secondary(about 1,061 less than Spring 2019 participation, some campuses were not completed due to COVID-19) with 62% responding in English and 38% responding in Spanish for Elementary (same percentage as in 2018-2019) and with 58% responding in English and 42% responding in Spanish for Secondary (1% increase in English and 1% decrease in Spanish from last year).

Perceptions Strengths

2. Combined strongly agree and agree statements are in the 95% range for parental support of schools and activities.
3. Over 1,800 informational parent meetings/trainings were conducted at the Campus and District level

Student survey data showed over 82% of the 10,205 elementary students who responded agree that they "Look forward to going to school each day." There was an increase from 72% of the 6,217 middle school students agreed with the statement in 2018 to 79% of the 7,569 students in 2019. Strategy 2: Identify who the agents of change are at the district and school level. Kotter (1995) suggests that one of the key errors organizations make is not recruiting the right people to lead and facilitate change. Rogers (1983) identifies categories of individuals in terms of their response to innovations, suggesting that those who are both respected by others and open to trying new things should be included in the planning process, as their support is essential to the success of change efforts in an organization. Begin conversations, individual and collaborative, with these individuals, in order to establish a common set of issues to address and a sense of urgency for making changes to address them. **Milestone's/Strategy's Expected Results/Impact:** Formative Results: Selection of Change Leaders Committee Agendas and Minutes Summative Results: Agendas Presentation to stakeholders **Staff Responsible for Monitoring:** Curriculum Administration Professional Development Administration Technology Administration **Population:** BISD District and Campus Administration - **Start Date:** July 1, 2021 - **End Date:** June 30, 2022	**Formative**			**Summative**

Student Learning

Need Statement 1: Need to improve reading/literacy skills at all levels and all content areas and writing across the curriculum. **Data Analysis/Root Cause**: 2019 STAAR/EOC showed that reading/writing were still lowest performance areas overall for BISD students. 2021 data indicates that the greatest drop was for mathematics but ELAR data is also significantly below 2019.

Need Statement 2: Need to decrease academic achievement gaps, and dropout rates, and increase completion rates and graduation rates for all subpopulations. **Data Analysis/Root Cause**: Continued gaps seen between sub-populations and ALL students in all content areas and other accountability indicators (refer to accountability reports)..

Need Statement 3: Need to increase supplemental services for struggling and highly able learners using appropriate services. **Data Analysis/Root Cause**: Student performance gaps continue for students identified as At-Risk or for program services including Bilingual/ESL, Special Education and 504/Dyslexia.

Need Statement 4: Need to increase staff in high needs areas for instruction based on programmatic requirements and performance (Class-size reduction, Special Education, grant-based, and other areas). **Data Analysis/Root Cause**: Student performance gaps continue for students identified as At-Risk or for program services including Bilingual/ESL, Special Education and 504/Dyslexia.

Goal 9: Through enhanced dropout prevention efforts, all students will remain in school until they obtain a high school diploma. (BISD Board Goal 1) (TEA Ch. 4 Obj. 3)

Priority for Service (PFS) Action Plan
for Migrant Students

As part of the Every Student Succeeds Act (ESSA), the Priority for Service (PFS) Action Plan is a required program activity for the Migrant Education Program. In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who have made a qualifying move within the previous 1-year period and who are failing, or most at risk of failing, to meet the challenging State academic standards; or have dropped out of school. [§1304 [20 U.S.C. 6394](d)].

The Priority for Service Report on NGS must be used to determine who to serve first and foremost with MEP funds. Students are identified as PFS if they meet the following criteria:

Priority for Service Criteria	
Grades 3-12, Ungraded (UG) or Out of School (OS)	☐ Who have made a qualifying move within the previous 1-year period; **AND** ☐ Have a received grade level of "approaches or not meet" on the state assessments (STAAR), were Absent, Not Tested* or were not enrolled in a Texas school during the state assessment testing period for their grade level.
Grades K-3	☐ Who have made a qualifying move within the previous 1-year period; **AND** Have been designated LEP in the Student Designation section of the New Generation System (NGS) ☐ Supplemental Program Component; <u>or</u> ☐ For students in grades K-2, who have been retained, or are overage for their current grade level.

The following document is provided by TEA for districts to help document efforts that are being conducted on behalf of Priority for Service students. It contains all of the required components as described in Part 4 of the ESSA Application in the Provisions and Assurances, but also allows room for districts to add additional activities.

Each district's plan must clearly articulate criteria for defining student success, including timelines for achieving stated goals and objectives.

NOTE: This document can be obtained electronically in MS Word format from the regional ESC MEP Coordinator.

*The State of Texas Assessments of Academic Readiness (STAAR®) were not being administered during the spring or summer of the 2019–2020 school year.

School District: Brownsville ISD	Priority for Service (PFS) Action Plan	Filled Out By: Estela L. Barrientes
Region: 1		Date: August 6, 2021
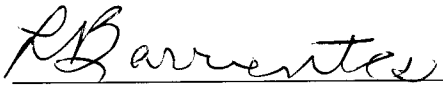

School Year: 2021 - 2022

Note: Title I, Part C Coordinator or MEP staff will include the PFS Action Plan in the district improvement plan as a separate section appropriately labeled or identified (e.g., "Migrant PFS Action Plan Section"), rather than integrating the action plan elements with other DIP sections that focus on other student population groups (e.g., Bilingual, ESL, economically disadvantage).

Education Code 37.0832

Note:	This policy addresses bullying of District students. For purposes of this policy, the term bullying includes cyber-bullying.
	For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Notice of Report	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
Prohibited Conduct	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
Investigation of Report	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
Concluding the Investigation	Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.
	The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.
Notice to Parents	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.
District Action Bullying	If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.
Discipline	A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Transfers

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Improper Conduct

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

Records Retention

Retention of records shall be in accordance with CPC(LOCAL).

Access to Policy and Procedures

This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.
